

## RESIDENTS OF GRANT PARK ON WITNESS STAND

### Give Testimony for the State in Govern- or Small's Trial

(By The Associated Press)  
WAKEGAN, Ill., June 7.—Sixteen residents of Grant Park, Ill., a village of 400 to 500 population and three from the neighboring town of Mokena, including two bankers did not know that there was a Grant Park bank during the years the state alleges Governor Len Small and others conspired to defraud the state thru manipulation of state funds under that name they testified today at the governor's trial.

The state claims the Grant Park bank passed out of existence years ago and that Governor Small, the late Senator Edward C. Curtis and Vernon S. Curtis revived the name and operated a fictitious bank to which the governor and Lieutenant Gov. Fred E. Sterling, while in the state treasurer's office loaned \$18,000,000 in public funds.

Witness after witness testified today that they had not heard of the Grant Park bank during the years of the alleged conspiracy and never saw its sign displayed on any building in the village. Several referred to the old bank of the same name which flourished, they said in the '90's but Judge Edwards barred the state from going back that far into history.

On cross-examination the witnesses, several of whom are or have been stockholders in the Grant Park Trust Savings Bank, also operated by the Curtis brothers said Senator Curtis might have operated a private bank under the name of the Grant Park without their knowledge.

### Tells About Records

Practically all of the day was given over to the Grant Park testimony. Norman Griffin, cashier of the Grant Park Trust & Savings Bank testified about the disappearance of records of the bank which he said had been burned in the furnace by a janitor who since has died.

Mr. Griffin said he last saw the record of the bank's demand certificates of deposit about 18 months ago and has had no occasion to look for it since as the bank has no such certificates outstanding. The certificates covered by the records disappeared about the same time as the book, he said, all having been carried to the basement of the bank.

The hearing was interrupted this morning while the judge disposed of six divorce cases and a petition for a change of name.

The state placed Noah Gullett, a Springfield lawyer on the stand to tell about an investigation of the Grant Park bank which he made on behalf of Edward E. Miller the present treasurer but the court ruled his testimony was not competent. The prosecution then produced Henry Greenwood, county clerk of Hankakee county to testify whether or not the Curtis Brothers reported a private bank for taxation in accordance with the revenue act but objections of the defense were sustained.

The proceedings were enlivened by lively tilts between C. C. LeFors, chief counsel for the governor and Mr. Pree, assistant state's attorney of Sangamon county, which finally ended in Judge Edwards rebuking Mr. Pree for repeatedly asking questions which had been overruled in the examination of previous witnesses.

### ANDERSON TO BE BURIED IN KANSAS CITY

KANSAS CITY, June 7.—The body of E. W. Anderson, shot and killed Saturday by Miss Peggy Marie Beal, nurse, was claimed today by Anderson's father, Frank M. Anderson of Collinswood, N. J., and will be buried here tomorrow, according to the undertaker in charge. Instructions as to disposition of the body were contained in a letter from Collinswood, the undertaker said.

Miss Beal, who shot herself was reported by hospital attendants today as steadily improving.

## INTEREST IS CENTERED IN DAIL EIREANN

Leadership Falls on Collins  
in Griffith's Absence

(By The Associated Press)  
DUBLIN, June 7.—With little information given out regarding the process of the conversations between Arthur Griffith, president of the all which begins tomorrow centers on the status of the DeValera-Collins pact and the elections.

In Mr. Griffith's absence the task of leading the house falls on Michael Collins and in the present state of national affairs the people will concentrate on the declaration of the leaders and the debate among the rank and file in the assembly in order to find some light on the situation. Mr. Collins is expected to review the general relations between the north and south with special reference to the Pettigoe affair, but it is understood that the topic of more ardent appeal will be that of observance of the coalition pact in the coming elections.

The main business of the new parliament after passing the constitution will be consideration of the franchise bill establishing universal adult suffrage and authorization of a new register on which the free state elections will take place.

The feature of the completed returns of the nominations is the certainty that in 20 of the 27 electoral areas 47 independents will oppose the 90 coalitionists of Collins and DeValera. Of the independents 18 have been named by the labor party 12 by the farmers' union and 14 by associations representing rate payers and business and commercial interests while three are unattached.

In seven constituencies panel candidates numbering 34 will be returned unopposed, half of these are in favor of the treaty and the other half opposed to it. Of the 90 panel candidates who will go to the polls, 48 are for the treaty and 41 against the treaty, while one has been selected by both sides.

## F. O. LOWDEN IS CHOSEN PRESIDENT

(By The Associated Press)  
KANSAS CITY, Mo., June 7.—Frank O. Lowden, former governor of Illinois, was unanimously re-elected president of the Holstein-Friesian association of America at its closing business session today. (J. M. Kelley, Baraboo, Wis., was elected vice president. The convention, the first under the delegate system, was pronounced the most harmonious the Holstein men have enjoyed for years.

The principal action taken was to call for the appointment of a committee to work out the means for a national "pink milk" campaign and to triple the fee charged for transferring the registration of ownership of pure bred animals. The new fee will be \$1.50 for members and \$3.00 for non-members. If transferred within three months of sale and \$3.00 and \$6.00 after three months.

Directors for the next four years were chosen, as follows: W. S. Morscrist, Minnesota; W. G. Davidson, Pennsylvania; John A. Bell, Jr., Pennsylvania; H. W. Norton, Michigan.

Directors for three years are: D. B. Armstrong, New York; G. E. Fox, Illinois; and T. E. Elder, Massachusetts.

Director for two years: W. H. Mott, Hertington, Kansas.

## WITNESSES FOR TRIBUNE TESTIFY

(By The Associated Press)  
CHICAGO, June 7.—Four witnesses from Minnuesua and North Dakota testified for the defense today in the \$500,000 libel suit brought by Mayor Thompson against the Chicago Tribune for articles published during the war criticizing the executives' loyalty. They asserted that the reputations for loyalty of several members of the People's council for democracy and terms of peace were "bad."

The witnesses were W. L. Williams, reporter for a St. Paul newspaper, J. E. Rockwell, editor of the Fargo Forum, C. M. Pouch, Fargo attorney, and N. C. Young, Fargo attorney. According to the Tribune's attorney the purpose of their testimony was to show that when former Governor Lowden of Illinois attempted to stop a meeting here in 1917 of the people's council after Mayor Thompson had permitted it, he was moved by the fear that trouble might result if the meeting were held.

Mr. Williams, who in 1917 was assigned to follow movements of the council, said several of its striking the government's war efforts.

Mr. Rockwell told of a meeting in Fargo addressed by Max Eastman and held under the auspices of the council testified that Mr. Eastman's reputation for loyalty was "very bad."

Chester Seward of Peoria made a trip to the city yesterday.

## DISCLOSES WHAT GOVERNMENT HAS DONE IN STRIKE

### Hoover Sends Statement to United States Senate

(By The Associated Press)

WASHINGTON, June 7.—Efforts of the government to bring operators and miners together with a view of settling the coal strike now in progress were disclosed for the first time today by Secretary Hoover in a statement sent to the senate in compliance with a resolution of inquiry introduced recently by Senator Walsh, Democrat, Massachusetts. "Quite informally and repeatedly," Mr. Hoover's statement said, "suggestions as to propositions on which the disputants might well confer and hope for a settlement have been made thru the department of labor and this department or both but thus far these suggestions have been without results."

The secretary prefaced his statement with the declaration that the efforts had been made despite his belief that governmental agencies have no legal authority to terminate or intervene in the strike.

Measurable success has been obtained, Mr. Hoover added, in the government's effort to prevent large price increases resulting from the industries tie up thru informal conferences with the operators. He made the same point clear in a telegram sent from Youngstown, Ohio, today to the coal section of the commerce department in connection with press reports that Senators Borah and Walsh, had held conferences with a delegation of retail coal dealers with hope of "restraining coal prices."

### Compliments Senators

"I am delighted to learn," the telegram said, "that Senators Borah and Walsh have taken on the job of restraining coal prices with the retailers or other parts of the coal trade. The field is clear for any action they may desire to take, as no action has been taken beyond the responsibility I assumed in the public interest of asking each individual operator that he should in the future not exceed the last Garfield war scales with changes in hand down as the altered conditions would warrant and I have made the statement that such changes would not exceed a maximum price in the average of 25 cents below the Garfield scale in some districts or about 50 cents above in other."

"The result has been to reduce the strike prices as much as two dollars in certain districts and should save the public from a further ascent to ten dollars to twelve dollars in mine prices in 1920."

"If congress will provide a better emergency method, I will indeed be glad if they would do so. Meantime, as many retailers have upwards of 30 days supply on hand of pre-strike coal I hope the senators will get the retailers to comply with my request that the retailers do not mark up the price of this coal to the public."

Senator Borah, in reply to this statement, tonight telegraphed Secretary Hoover declaring his willingness to "help put thru" legislation which promised and allowed to the situation now existing in the coal industry.

"If you have in mind any needed legislation to enable the administration to deal effectively with this situation and will suggest it, I promise immediate consideration by the committee on education and labor," his message said.

### SENATOR TAKEN SUDDENLY ILL

Carruthersville, Mo., June 7.—Senator James A. Reed became suddenly ill tonight while making a speech in his campaign for reelection to the United States senate. Mr. Reed, hardly able to talk when he began his speech, the second of the day, was taken to a hotel and several physicians volunteered their services.

### ETHEL BARRYMORE SUBMITS TO OPERATION

PHILADELPHIA, June 7.—Ethel Barrymore, actress is recovering from an operation for nasal sinusitis, according to a statement made tonight by her brother, Lionel. Altho the operation was performed several days ago, it did not become known until today that Miss Barrymore was in the city.

Mr. Barrymore said that his sister was in no danger.

### HISTORIC LOG CABIN BURNED

ROCKFORD, Ill., June 7.—Built in the days when Indians roamed the prairies where Rockford now stands, the last log cabin in Winnebago county located two miles from Rockford was destroyed by fire tonight. All of the contents of the cabin, erected in 1890 by Henry Hunt were destroyed except a parrot and a tin box containing valuables owned by the two bachelors, John Lake and William Goodhue, who had lived in the cabin for more than 30 years.

## Cooperative Marketing Will Help The Farmers

(By The Associated Press)

WASHINGTON, June 7.—A general extension of the principle of co-operative marketing of farm products thru local associations it has been concluded by the joint congressional commission on agriculture inquiry can furnish an important relief from economic depression for farmers. Producers by assuming thru association the business of selecting, grading, standardizing, and assembling of products, according to Chairman Anderson in a discussion of the commissioner's findings can go far towards improving their own and the public situation.

"There are certain risks which neither the producer nor the consumer is willing to accept Mr. Anderson in outlining the commission's report which are now assumed by wholesalers, jobbers and retailers and which are reflected in the price received by the producers as compared with the price paid by the consumer."

To this fact the commission attributes the building up of scattered warehousing and terminal facilities in urban consuming centers.

Moreover it declares the farmer has thought in terms of individual production rather than in terms of service, marketing and distribution.

Allied to this, consumers have been found unwilling to anticipate requirements sufficiently in advance to assure the producer a consuming market and the carrying charges on stored materials have gone into the risk cost of distribution.

In this field the co-operative associations might bring benefit, the commission concludes. Further, they could enforce standard proportion of products at points of production and without re-handling, fitting them directly for market.

On one commodity, grain, the commission's study indicated that country elevator buying margins ran to about five cents per bushel in 1912-13, and 13 in 1920-21.

This margin can be expected to return to about 6 cents, it said. Transportation costs in 1914 amounted to 6 percent of the selling price and 10 percent in 1921.

## FOURTEEN APPEAR FOR PROSECUTION IN GREEK'S TRIAL

### Two Most Important Are Sister of Neff and Gar- age Man

(By The Associated Press)

QUINCY, Ill., June 7.—Fourteen witnesses had been examined at the end of the first day of the second week of the trial of the 29 Greeks charged with the death of Sheriff Edward Lashbrook, the Schuyler county sheriff.

There are still about fifty more. The most important witnesses of the day were a sister of Carl Neff, one of the three officers killed and Ora Tribbey, a garage man both being residents of Frederick.

Tribbey said he went to the depot to mail a letter on the night of April 28, the date of the shooting. One of the witnesses, another was assembled in front of the depot while several men were gathered on the track in front of the depot. While passing the second group he heard one of them say:

"A man told us you Browning boys were coming down to shoot us up." To which came the reply, "no they are waiting to take the train for Beardstown."

Tribbey said when he reached the end of the platform he heard two shots followed immediately by a volley and he jumped into the water at the edge of the depot. While hiding there he saw a group of four or five men leave the depot and cross the water near where he was. He then made his escape.

Mrs. Elizabeth Shanley, Neff's sister said she was at her home a quarter of a mile away and heard her brother cry out:

"My God, boys, don't shoot."

A moment later she heard two shots and then many more immediately afterward. She also identified her brother's cap which had a bullet hole in it.

## RETAIL FOOD PRICES SHOW INCREASE

(By The Associated Press)

WASHINGTON, June 7.—Retail food prices increased in 15 cities and decreased slightly in ten others from April 15 to May 15, according to compilations made public today by the department of labor involving 25 of the principal cities of the country.

Among the increases were Richmond, Va., 2 per cent, Milwaukee and St. Louis 1 per cent and Chicago and Omaha less than five tenths of one per cent. Decreases were noted in Detroit and New York less than five tenths of one per cent.

### FAST EXPRESS LEAVES TRACK

PHILADELPHIA, June 7.—The train that left the track tonight at Brillharts, near York, Pa., was the Washington-Buffalo Express. Advice to the general offices of the Pennsylvania railroad said the fireman was killed and the engineer and several passengers were injured. None of the injured was seriously hurt according to these advices.

The locomotive and three cars left the rails the engine turning over on its side. The cause has not been determined.

### RICKENBACKER HAS FINISHED FIRST LAP

Detroit, Mich., June 7.—Captain Eddie Rickenbacker, American ace, completed the first lap of his flight from Mitchell Field to San Francisco when he landed at Packard Field here at 7:23 o'clock tonight. Rickenbacker plans to leave here at 2 p. m., tomorrow for Chicago.

Rickenbacker's flight was without incident, one stop being made at Bellefonte, Pa.

## WOUNDED VETERANS ARE ENTERTAINED AT WHITE HOUSE

### Received by President and Mrs. Harding and Gen. Pershing

(By The Associated Press)

WASHINGTON, June 7.—On the spacious white house lawns today, President Harding with General Pershing and Mrs. Harding in the receiving line welcomed approximately 1500 wounded veterans of the world war under treatment in hospitals in and near Washington. Nearly all of them were able to stand in line for the formal handshaking and the president walked to greet the maimed in the wheel chairs and some who had sacrificed their sight in the service.

Nurses and Red Cross aides distributed ice cream and cake, and grape juice and lemonade. Several cabinet members mingled with the throng.

As the last of the visitors passed the reception group there was a rush for autographs of the President, Mrs. Harding and General Pershing.

After the president had signed several scores, attendants were forced to stop the activity collecting cards for the signatures and promising to mail them later. General Pershing was kept busy with a pencil until the departure signal was given.

## RAIN IS NOT WELL DISTRIBUTED

(By The Associated Press)

WASHINGTON, June 7.—An excess of rain in some sections and a deficiency of moisture in other regions particularly in some central, northern and western states during the week ending yesterday was noted today by the Weather Bureau in its weekly weather and crop review. Otherwise, it was stated, the week was generally favorable for crop growth and farm work.

The principal winter wheat states the review said experienced another week of favorably growing weather. Harvesting of the crop has been started in North Carolina, Tennessee and Southern Oklahoma. Spring wheat for the most part made satisfactory growth altho it was too dry in portions of Iowa, South and North Dakota.

The weather was too dry for oats in some interior localities the review said. The corn crop the report stated was in satisfactory condition in most sections.

## NEAR CLODBURST AT DANVILLE

(By The Associated Press)

DANVILLE, Ill., June 7.—A rain storm approaching cloudburst proportions accompanied by a strong electrical disturbance occurred here this afternoon. The local government gauge recorded a precipitation of 1.70 inches.

Many basements were flooded and at a theater water almost filled the orchestra pit the pianist quitting his post only when the water reached the keys of his instrument. Lightning struck many buildings and hundreds of telephones were put out of commission but nobody was injured.

### WOULD NOT TAKE MILLION FOR JOE

Washington, June 7.—Attorney General Daugherty called on President Harding today about a matter of official detail and was asked when he came out for his view upon various reports that he would resign office.

"You can say," he told newspapermen, "that there never was a time when I would have given 10 cents to get the office of attorney general, but that I wouldn't take a million dollars for it now."

## TERMS OF STEEL MERGER WERE MADE PUBLIC YESTERDAY

### More Than \$100,000,000 Working Capital of Corporation

(By The Associated Press)

NEW YORK, June 7.—The terms of the proposed merger of Midvale Steel and Ordnance company, Inland Steel company and Republic Iron & Steel company with issued capital of \$132,814,587 were made public tonight in a letter to stockholders.

It was signed by W. E. Corey, L. E. Bloch and John A. Topping, chairman of the boards of three companies. They stated that details of organization had not been definitely settled and that the plan was subject to changes to meet conditions and the opinion of counsel.

The Midvale and Inland companies will consolidate and take the name of the Northern American Steel corporation the letter explained and this corporation will acquire subject to its liabilities, the assets of the Republic company. "Before the unification of the properties," the letter added, "Midvale will place its Nicetown plant and certain assets and liabilities connected with the operation of it in a separate cooperation of stock of which will be distributed pro rata among stockholders of the Midvale company. These separate corporation will thereafter continue as a separate enterprise for the manufacture of the ordnance, armor-plate and special steel products to which it is adapted."

Capitalization, under the consolidated plan, comprises \$79,173,500 in bonds and other fixed charge obligations, \$50,331,475 new preferred stock at \$100 par value and 3,309,612 shares of new common stock without par value. The bonds and fixed charge obligations will consist of \$60,599,500 bonds and guaranteed obligations of the Midvale company of its subsidiaries \$17,357,000 and other obligations of Republic or its subsidiaries \$52,217,000 bonds and other obligations of the Republic.

In addition to the other terms of the three companies are to be assumed by the corporation. The preferred stock is to be seven percent cumulative and convertible until July 1, 1934, into common stock four shares of preferred for five of common and is to be redeemable at the option of the corporation at 115 percent and accrued dividends.

Kuhn, Loeb & Co., has agreed to act as bankers for the plan the letter said, it being intended that a syndicate will be formed to provide for the cash requirements of the merger including \$20,000,000 additional cash working capital which will make the new corporation's total working capital more than \$100,000,000.

## PAT HARRISON IS REJOICING

(By The Associated Press)

WASHINGTON, June 7.—The administration and Republican senate leaders were declared by Senator Harrison, Democrat, speaking in the senate today to be attempting to keep the newspapers from "printing news" in connection with the results of primary elections and with the fight being waged on the tariff bill. He asserted the administration was "harassed" by the election news which he said had shown "overwhelming" victories for anti-administration candidates in Pennsylvania, Indiana and Iowa.

With reference to the Iowa results where Smith Brookhart was nominated as the Republican senatorial candidate, Mr. Harrison said that "it is no wonder that the news is unwelcome at the white house," and added that those who ran on avowedly administration platforms "got well shown" as to the state sentiment.

The senator declared that "the old guard, the machine politicians were licked in Iowa" and that it did not bode well for the Republicans.

## LEAVES CHILDREN TO GO WITH AFFINITY

(By The Associated Press)

AURORA, Ill., June 7.—Ordered by Judge Hoover to choose between her children and the man her husband said had broken up their home, Mrs. Charles Sutcliffe, elected to go with "the man," John Holder. She is the mother of 11 children, one of whom is married. Mrs. Sutcliffe said that the man she placed before her children was "a real man who defended my life with his own when my husband threatened me."

## OFFICIALS OF KU KLUX KLAN ARE INDICTED

### Grand Goblin and King Kleagle are Among the Number

(By The Associated Press)

LOS ANGELES, Calif., June 7.—Three high officials and 34 alleged members of the Ku Klux Klan were indicted by the Los Angeles county grand jury today on five counts of felony charges in connection with a raid at Englewood, April 22.

The Klan officers were William S. Coburn, grand goblin of the Pacific domain and supreme attorney of the order; C. W. Price, King Kleagle for California and N. A. Baker, kleagle or organizer for Los Angeles county.

Baker is under arrest here while Coburn and Price are understood to be in the east. Six other persons were indicted also as John Doe. The charges are false imprisonment, two counts; kidnapping two accounts, and assault with intent to commit murder on count.

Altho the three officials have been suspended, according to word from Atlanta, headquarters of the Klan, they have continued to function here and have been recognized by klansmen as having possession of all the authority to their offices.

Bail was fixed for each of the defendants in the amount of \$1,000 except in the case of Nathan A. Baker, self-admitted leader in the raid in whose case it was set at \$10,000. He is in custody in the psychopathic ward of the county hospital owing to a mental breakdown.

An attorney for the klansmen announced that the other indicted klansmen except Coburn and Price would appear in superior court tomorrow and in view of this no warrants were issued. Walter Mosher and Rugg are under \$10,000 bail on complaints charging assault with intent to commit murder, filed in the township court soon after the raid. It was stated at the district attorneys office these complaints probably would be dismissed.

## REPORT OF BARRETT'S DEATH IS UNTRUE

(By The Associated Press)

PHILADELPHIA, June 7.—An explanation was discovered tonight of the origin of what purported to be verification of the rumors that Bobby Barrett, light weight boxer had died today as a result of the blow to the stomach with which Lew Tendler knocked him out in their bout last night.

Samuel R. Salus, attorney for Tendler's manager, Phil Glassman, had heard the rumors and decided to make legal arrangements in case they should be true. He sent one of his men to report to the verification of the rumors, entered Glassman's office and said:

"Mr. Salus wants to see you." Glassman jumping at the conclusion that this was a confirmation of the rumor exclaimed:

"Barrett is dead!"

Visitors in the office spread the misinformation in good faith. Meanwhile Barrett was well enough to leave his home twice. He had a slight limp and a swollen nose.

## NET INCOME OF CLASS ONE ROADS

(By The Associated Press)

WASHINGTON, June 7.—Net income of class one railroads for April amounted to \$50,256,890, according to compilations made today from interstate commerce reports by the association of railway executives. The companies reporting operate approximately 240,000 miles of the total of 260,000 miles of road in the country.

The amount represented an earnings rate of 3.93 per cent on the tentative valuation of the property of roads reporting, the association said, and compared with an increase of \$29,856,000, or a rate of 2.33 per cent reported for the same month last year. The total revenues from operation for the month was \$416,855,000, and expenditures were \$336,178,000.

### INJUNCTION AGAINST STREET WORKERS

(By The Associated Press)

SPRINGFIELD, Ill., June 7.—An injunction restraining striking street workers who are demanding a wage scale of 65 cents to 89 cents an hour from interfering in any way with workers who have not joined the strike was granted today in Sangamon county circuit court by Judge E. S. Smith. The bill was filed by the Illinois Power company now engaged in laying an underground conduit system and a number of contractors and engineers who are resurfacing public thoroughfares.

## ATTACK IS MADE ON TARIFF BILL BY BOTH PARTIES

### Majority of Finance Committee Forced to Recede on Rates

(By The Associated Press)

WASHINGTON, June 7.—While the finance committee majority continued today to recede from some of the tariff rates originally recommended to the senate, the administration measure came in for renewed assaults from both sides of the chamber.

Proposed duties on firearms which finally were approved, led to a discussion of wide range. Senator King, Democrat declared that the measure already was being used as a means of advancing prices in this country. He read from published reports that the American Woolen company had made a second advance in prices and predicted that it raises would be extended to commodities.

Senator Norris, discussing duties proposed on shot guns, said the idea was to put up a high tariff wall behind American manufacturers who could advance prices to take care of their losses in invading the markets of the world and driving foreign producers out of business in their own countries. He asserted that this was not only true with reference to shotguns but also with reference to sewing machines, paints, steel products and many other things included in the bill. Breaking into the general discussion Senator Harrison, Democrat, charged that administration leaders were trying to beguile "the real issue" by bringing in "side issues" referring especially to the

## Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. From this moment on, cast from your mind all dread and fear, and feel every day as the months roll by that great freedom from much of the suffering which thousands of expectant mothers undergo, unnecessarily. And when the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

"Mother's Friend" is applied externally to the abdomen, back and hips. It aids the muscles and tissues to expand easily. It penetrates quickly. It contains no narcotics or harmful drugs. It is safe. There is no substitute. Avoid useless guesses sometimes recommended by the unknowing. "Mother's Friend" is sold by all druggists.

NOTE—Write for valuable free booklet, "Motherhood and the Baby," containing important authoritative information which every expectant mother should read and all about "Mother's Friend." Write to: Bradfield Regulator Company, 214 St. Louis, Mo.

## Scientific Shoe Repairing

—There is more to shoe repairing than merely cutting out a piece of leather and sewing it on to your shoe, or sewing up a rip.

—The Shoe Repair Man who knows his trade, will study the shoe brought in to him for repair and will note the cause of uneven or unusual wear, and in mending the shoe will do so with a view to overcoming the difficulty or making the shoe easier on the foot.

—Tell us Your Foot Troubles—We've got plenty of time to listen for, like the honest doctor, that's our business. Many of the troubles from which you suffer from day to day can be readily overcome by giving you a properly fitting shoe, or slightly altering those you are wearing.

—Our Experience was gained in a factory, building shoes for the difficult to fit—making to measure—We know feet, and how to fit them. Call and see.

DR. TAYLOR IS NOT  
IN ACCORD WITH  
SMALL POLICIES

Tenders His Resignation as  
Member of Exam-  
ining Board

(SBy The Associated Press)  
SPRINGFIELD, Ill., June 7.—  
Expressing himself "not in ac-  
cord with the policies of the ad-  
ministration of the state depart-  
ment of registration and educa-  
tion," Dr. L. C. Taylor of Spring-  
field, today tendered his resig-  
nation as chairman of the pro-  
fessional committee which directs  
examination of physicians. The  
resignation has been forwarded to  
Director W. H. H. Miller.

Dr. Taylor's resignation fol-  
lows an investigation of alleged  
irregularities in the office of Di-  
rector Miller and the indictment  
of the director and his son-in-law,  
A. H. Fries on charges of conspi-  
racy in issuing certificates to prac-  
tice.

"I find that I am not in accord  
with the policies of the adminis-  
tration of the department as con-  
ducted at present, Dr. Taylor said  
in speaking of his action. Under  
the circumstances, the only hon-  
orable thing for me to do was to  
resign and permit those responsible  
to assemble the responsibility."

Director Miller was not in his  
office today. Attached said that  
he had departed for Peoria where  
he speaks this evening before a  
meeting of the Illinois Undertak-  
er's association.

POLAND COMMENCES  
ARMAMENT UNIFICATION  
Warsaw.—(By the A. P.)—  
The Polish republic has begun  
the unification of its armament  
which, it has been found, will in-  
volve the scraping of the bulk of  
the material accumulated from  
various sources during the past  
four years.

The renewed equipment will be  
one more step in the transforma-  
tion of the Polish emergency  
force to a methodically organized  
national body.

Purchases are being made prin-  
cipally in France to replace that  
part of the old material that can-  
not be used for the equipment of  
the new army which, on a peace  
basis, was fixed at 250,000 men  
in the last budget.

French officers are helping in  
the reorganization of the army,  
but in much smaller numbers  
than served during the campaign  
against the Bolsheviks. There  
were then 1,986 French officers  
in the field; there are now 63,  
all told attached to the army as  
instructors in the Polish military  
school.

MAY BUILD FREE BRIDGE  
EL PASO.—The chambers of  
El Paso and Juarez and the city  
towns have a joint committee at  
work drawing plans for a new  
international free bridge across  
the Rio Grande. It is planned to  
from funds provided by federal,  
county and municipal govern-  
ments from both sides of the river.  
All traffic to and from Juarez  
would go over the new bridge,  
and the two old bridges, one-  
way structures, would be torn  
away.

PREDICT U. S. MUST  
SETTLE QUESTION

(PBy The Associated Press)  
WASHINGTON, June 7.—The  
Chilean-Peruvian conference brot  
its differences to so delicate a  
stage today that some of those  
in closest contact with the nego-  
tiations conceded privately that  
only mediation by the United  
States could avert an open break.  
Chile replying at last to the  
Peruvian proposal for arbitration  
of the sovereignty of Tacna and  
Africa maintained her traditional  
determination that a plebiscite  
must be held in the disputed  
provinces as provided in the  
treaty of Ancon, and consented  
only to arbitrate the conditions  
under which the election should  
be carried into effect. The Pe-  
ruvians not only rejected that  
counter proposal but declined to  
transmit it to their government.

Charging again that the prov-  
inces had been denuded of Pe-  
ruvians since the date in 1894  
originally fixed for the plebis-  
cite, a Peruvian spokesman de-  
clared that to accept the Chilean  
plan would be nothing short of a  
humiliating and shameful sur-  
render for Peru.

Confronted thus with a situa-  
tion which had all the outward  
appearances of a deadlock the  
delegates adjourned their joint  
session without date, each side  
declaring it had nothing further  
to suggest now and that the next  
movement must come from the  
other side.

The only point on which an  
agreement was reached was that  
the United States should be the  
arbitrator should a method of ar-  
bitration henceforth be found.  
That suggestion was made by  
Chile in her counterproposal and  
immediately was accepted by the  
Peruvians.

McFee, Inez N., "The Teacher,  
the School and the Community." This  
book is on the Illinois Teachers'  
Reading Circle list and was purchased  
to supply the wants of the teachers.  
The author is a popular educator,  
and while preparing this book, had  
in mind the three fold object of modern  
education: the training of the phys-  
ical, the mental, and the moral na-  
ture of the child. A variety of good  
suggestions, helps, and recreations  
are offered to make a study of the com-  
mon branches more interesting. The  
chapters on nature study, the country  
school as a public health educator,  
and what to do with agriculture and  
home science may be most welcome  
to rural teachers who have been  
struggling with such problems. The  
work of the school and home has been  
unified and special consideration has  
been given to the school as a com-  
munity center and as the stimulating  
source for clear thinking, good farm-  
ing, and right living. Great stress is  
laid upon the importance of the first  
day at school and the government of  
the school. The book will be inter-  
esting to the average reader but is  
written especially for the new in-  
experienced teacher. Get it at the pub-  
lic library.

## VETERANS BUREAU HAS EMPLOYMENT PLANS

Positions to be Obtained in Trades and Professions For Disabled Veterans After Training Period.

The U. S. Veterans' Bureau has established an employment section, which will obtain positions in the trades and professions for those disabled veterans who have completed their vocational training under the Bureau. There are 130,738 veterans now in training in the various professions, trades and industries. When these men have completed their courses of instruction this employment section of the Bureau will attempt to place them in the particular vocations for which they have been trained.

A survey of business conditions, including an investigation of the labor and unemployment situation will be conducted by these employment experts of the Bureau. Opportunities for employment will be opened through contact with the employing officers of large corporations such as U. S. Steel Corporation, U. S. Shipping Board, Standard Oil, Westinghouse Electric, Ford Motor Company, etc. Another purpose of this survey by the Bureau's experts, will be that

of determining which professions and trades are overcrowded. In other words, the Bureau will discourage the training of men in vocations where the possibility of immediate and continued employment is slight.

**Thousands Complete Work**  
To date, 16,485 vocational students have completed their training and are now employed in the various trades, professions and industries. The peak of the number of disabled ex-service men being inducted into training will soon be reached. Many of these veterans who entered training when the rehabilitation division was first organized will be rehabilitated in the next few months. This is particularly true of those men who were receiving instruction in the professions, because their courses are of uniform length and therefore, hundreds of them will be rehabilitated at the end of the present college year. It is the function of this employment section to see that these men are absorbed into the industrial and commercial enterprises of the country.

The Training Employment Section is under the direction of former Major F. W. Lent whose services in the past war include commands of both combat and administrative and executive units and further the especially broad experience gained as Demobilization Officer at Camp Dix. He has considerable prior experience in civil life as an employment manager and employer of large numbers of men. This training and experience qualifies him to administer this important function of the Veterans' Bureau. The Veterans' Bureau and the disabled veterans are thus assured of having the services of a man with the proper understanding of conditions of employment from the employers standpoint and also of the problems confronting the rehabilitated ex-service man. The organization under the supervision of Major Lent will be expanded to meet the problem of placing these vocationally trained men in permanent employment upon rehabilitation.

## HAS NARROW ESCAPE FROM ELECTROCUTION

Webb Grammer of Baylis Badly Burned When He Gets Flash Shock From High Tension Wire—Current Aced to End of Steel Rod.

Valley City, June 7.—Webb Grammer, of Baylis, narrowly escaped death, here this afternoon when the current from a high tension wire of the Illinois Steel Service Company ached to steel fishing rod he was using. The wire which carries 33,000 volts, it is said, hangs rather low at the point where it crosses the Illinois river south of here. Mr. Grammer was fishing near the wire and when he raised the rod to make a cast the current ached over, giving him what is known as a flash shock.

Mr. Grammer was rendered unconscious and was rushed to Griggsville where he was given medical attention by Dr. Sablett. He received severe burns on the right side of the face, on the right arm and on both feet. While he is suffering from shock the attending physician believes he will recover unless infection sets in.

Mr. Grammer is 64 years of age and is one of Baylis' best known residents. For many years he was engaged in the blacksmithing business in that place but retired from active work several years ago.

## C. P. SHOPS OPEN WITH FORCE OF FIFTY

Local C. P. & St. L. Shops Opened Wednesday to Surprise of Public Generally—Superintendent Is Optimistic.

The shops of the C. P. & St. L. road here opened Wednesday with a force of fifty men, which is more workmen than the shops have employed for a considerable period. The opening of the shops came as a surprise to the officials and employees of the road as well as to the public generally, as there have been rumors to the effect that the road was soon to sell out to the Rock Island.

The rumor arose from the fact that Rock Island officials recently made a tour of inspection of the C. P. & St. L. lines, including the local shops. However, no official announcement of a sale has been made.

Frank Davidson, superintendent of the shops, is optimistic about the future and said yesterday that he believes that a much larger force of men will soon be at work. However, he was unable to make a definite statement as to when additional men will be put to work.

## MRS. KESSINGER GAVE RIGHT TO OMIT REPORTS

Donor of Chapin High School Property Authorized Board to Defer Certain Expenditures—Legal Claim to the Property Not Invalidated.

In a recent communication to The Journal reference was made to omission of the publication of financial reports of the Charles S. French Community High School at Chapin. This communication indicated that such failure forfeited all legal claim to the property. Mrs. Kena French Kessinger, expressly authorized the Board of Education to defer certain of the expenditures required by the deed, because at that time labor and material were so much greater than anyone had anticipated.

This correspondence was in December, 1920, following a summer when the peak of high prices for all sorts of things was distressing to every one. Mrs. Kessinger therefore authorized the Journal to say that this omission of publication will not invalidate the deed, or forfeit the district's legal claim to the property.

## FUNERAL OF MRS. SIMMONS AT VIRGINIA

Well Known Resident of Cass County Town was Buried Tuesday Afternoon—Other Virginia News.

Virginia, June 7.—Funeral services for the late Mrs. Anna Cunningham Simmons were conducted by Rev. D. V. Gowdy, M. E., pastor, at the family home at 2:30 Tuesday afternoon. Services were also conducted by the local chapter of the Rebekah lodge at the cemetery.

Mrs. Simmons passed away at an early hour Sunday morning, aged 52 years, following a long illness due to complications. She was the only daughter of Mr. and Mrs. George Cunningham of this city and was married in early girlhood to Ben K. Simmons who with two children, a daughter, Miss Grace, and a son, George survive. Deceased was an active church and lodge worker highly esteemed by friends and neighbors. Her passing casts a gloom over the community and the sympathy of her many friends are with the family and the aged parents in their bereavement.

Born, June 3rd., to Mr. and Mrs. John Trenter, a son, second child.

Miss Addie Buckley has returned from an extended visit at the home of A. M. Pendleton at Bloomington.

George Yaple and son of Detroit, completed a visit with relatives here and returned to their home Tuesday.

Miss Olive Fiedler spent the first of the week in Jacksonville.

Miss Josephine Saltee is spending the week at the home of Mr. and Mrs. W. E. Munson in New Berlin.

Miss Marjorie Higginson of this city is a graduate at Eureka College this week.

Arthur W. Rice of Jacksonville was a business visitor in this city recently.

Mrs. Virginia Bishop has been employed to take the school census, starting on her duties this week.

William Roberts of Jacksonville was a Tuesday visitor in this city.

Mr. and Mrs. George Smith completed a visit with relatives here and returned to their home in Springfield Monday.

## SOME DOINGS OF TROOP NO. 6.

Rotary Club House, Meredosa.

The camp is in full swing for Troop No. 6. At the first inspection held Monday at 1 p. m., Bill Wilson received the highest mark with Billy Walton but one point behind. The camp store under the able management of Vosseller, Lander, Martin and Wilson (a new firm recently incorporated with a capital stock of \$1.73) is doing a thriving business.

The first lap of the baseball competition resulted in group 4 under the leadership of Thompson blighting the championship aspirations of group 2, captained by Hugh Osborne. The score was 22 to 17.

This morning Marshall's Tigers trimmed Milligan's Lambs to the tune of 21 to 6. Several men of big league calibre were discovered. Beaumont Potter and "Slim" Walbridge are among the number. The baseball finals were won by group 4 by the close score of 8 to 7. "Beas" Conkle and Max Thompson were the batteries for the victors. Group 2 and 3 will play for the consolation prize tomorrow.

By unanimous vote Frances Johnson was awarded first place as cook. Her lemon pie would easily have won the first prize at the Paris exposition.

The volleyball court had been put in order and the first lap of the tournament was played this afternoon by groups 2 and 3, No. 2, captained by Hugh Osborne, won two out of three games.

Last evening the scouting game which was carried on by group 2 and 4 under F. Scott and 1 and 3 under George E. Stickney was won by the latter group 42 to 41.

The boating could not be better. However, the camp is thinking of organizing a blowing brigade to break the calm spell and cause the wind mill to pump water.

Last evening Mr. Stickney read one of Ernest Thompson Seton's stories. It was so fascinating that it put quite a few to sleep.

The inspection today showed much improvement in a number of cots. Merle Taylor under coaching, showed the greatest improvement. Harry Capps and Bill Wilson tied for first.

There seem to be Bolsheviks in camp from the rumors circulating around. As yet no casualties have resulted.

Members of Troop 6.

## BLACKHEADS GO QUICK BY THIS SIMPLE METHOD

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this rub over the blackheads with a little of the blackheads powder from your drugstore—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. The blackheads powder and the hot water have just dissolved them. Pinching and squeezing blackheads only open the pores of the skin and leave them open and unsightly—and unless the blackheads are big and soft they will not come out, while the simple application of blackheads powder and water dissolves them right out, leaving the skin soft and the pores in their natural condition. You can get blackheads powder at any drug store and if you are troubled with these unsightly blemishes you should certainly try this simple method.

A polite gentleman greeted them and remarked that they were strangers and had a few words with them during which Mr. Havener remarked that he was a dealer in shoes, not the spiritual kind, but those on boots and shoes. ## KNEW DR. MOREY

Some years ago when Dr. Morey was traveling in a railroad train a stranger greeted him by name remarking he was a Presbyterian minister. The good doctor asked him how he knew him, as he couldn't remember meeting the gentleman, but the stranger remarked he wouldn't forget him as he lost five dollars on him once.

He said he was once in Jacksonville and went to a meeting in central park conducted by the pastors of Grace and State street churches. The traveling man had a friend with him who was sure Dr. Morey was a Presbyterian while the other was equally sure he was a Methodist and wagered five dollars on his guess and lost and ever remembered the good doctor ever since. He said he based his opinion on the vigor and earnestness of Dr. Morey's manner of prayer which he thought was a Methodist trait.

## S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people. It puts new flesh on your bones. It rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the yellow from the eyes, and it fools the father time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

## HIGHER QUOTATIONS FOR VARIOUS ISSUES

By Associated Press.

New York, June 7.—Higher quotations for various speculative issues dominated by pools or professional interests and further irregularly or heavily among shares of recognized value favored today's broad but inconclusive session of the stock exchange. Apart from the lack of public interest developments were mostly helpful to the market's conservative side. Call loans fell to last month's lowest quotations, supplies of time funds increased and commercial paper was in better demand. An indication of better industrial conditions still higher prices were quoted for finished products in the Ohio Steel district and from West Virginia came word of the re-opening of steel mills after a year of suspended operations.

The major portion of the turnover encompassed the oils, motors, steels and minor rails. Among these were Maxwell "A" and "B", Studebaker, which threw off its early heaviness, Lackawanna, Midvale, Republic Steels, Chicago & Alton common and preferred and Iowa Central. Investment rails were sluggish, giving better earnings. Sales amounted to 1,050,000 shares.

Trading in foreign exchanges was light and the British rate forfeited part of its recent advance on profit-taking. German marks were better. Liberty bond issues were in the forefront of today's bond market, the tax exempt 3 1/2% at \$100.14 establishing new maximums with moderate advances for a majority of the entire group.

Total bond sales (par value) aggregated \$13,843,000.

### EXPERT SAYS NEW PAVEMENT CHEAPEST

Prof. Wiley of University of Illinois Makes Careful Inspection of College Avenue—Gives Reasons for His Opinion.

Prof. C. C. Wiley, head of the highway instruction department of civil engineering at the University of Illinois, was a visitor in Jacksonville yesterday. Prof. Wiley came for the specific purpose of looking over the College avenue paving and giving his opinion as to the relative advantages of new and resurfacing jobs for that street. In fact, a number of residents of West College avenue who have thought favorably of resurfacing work for the street, were responsible for the university man's coming.

At the court hearing held on the proposed pavement last week some of those who objected to the improvement in accordance with the plans and specifications as already arranged, indicated that they would be in favor of the improvement if plans could be changed to a resurfacing job.

It was as a result of this sentiment that Prof. Wiley's services were secured. In the afternoon he met with a number of the property owners in an entirely informal way and gave his reasons for his belief that under all conditions a new pavement will be much more satisfactory and more economical in the long run for the street than resurfacing.

Prof. Wiley has been in his present position for a period of years and is accounted an expert. He spent several hours in a physical examination of the street and in the conference later told his auditors the reasons why he considered an all new street the better.

He pointed out that the sandstone curb in a number of places has deteriorated to such an extent that new curbing is absolutely necessary. In other places the curbing is out of line and to put all of the curbing into satisfactory condition would be almost as expensive as a new concrete curbing and the general effect would not be nearly so good nor its life so long.

The figures were given to show that the cost of a resurfacing pavement would be only about \$9,000 less than for an entirely new pavement. On a job which is to cost about \$100,000 such a difference is a small matter.

Prof. Wiley estimated further that the life of an entirely new pavement would be at least thirty-three and a third per cent longer than a resurfaced pavement. The visitor pointed out the fact that College avenue in the course of a few years will be the natural connecting link between the east and west hard road. He suggested that in view of this fact and the likelihood of heavy trucks passing over the pavement in coming years, that it would be a safe thing to put in even a heavier foundation than was contemplated in the original specification.

Professor Wiley expressed his views with reference to closed and open bids, the need for the services of a chemist in connection with the work and other matters of detail which are of great interest to property owners.

Closed specifications would provide for one certain kind of asphalt and open would mean that bids would be received for several different kinds.

Incidentally Prof. Wiley told Jacksonville people whom he met that in all his years in visiting cities and inspecting streets he had never seen a street so beautiful as West College avenue.

### THE MERRITT AND RIGGSTON ELEVATORS

Recently a news item appeared in the Journal indicating that the directors of the company owning the elevators at Riggston and Merritt were preparing to take them over at the sale which is to be held Monday, June 12. This statement was entirely in error, as the directors have made no arrangements whatever to buy the property and will not be bidders at the sale. This correction is made at the request of the board of directors.

### DEATHS

#### Timberlick.

Death came to Silas Timberlick at 3:30 o'clock Wednesday morning at the family home, 1137 Allen avenue. The deceased had been ill for an extended period and his death was not unexpected.

The deceased was born in South Carolina Dec. 17, 1849, and was past seventy three years of age at the time of his death. He had spent most of his life in this city, for a number of years being employed in the street department of the city.

Mr. Timberlick was a member of the Second Christian church and was active in various lines of church work. He was also active in lodge circles, being a member of the A. F. & A. M.

The following children survive, Mrs. Samuel Taylor, Chicago; Mrs. Eva Strand, Sioux Falls, South Dakota; Mrs. Elizabeth Burl and Miss Lela A. Timberlick, Jacksonville; Rev. Edward L. Timberlick, Dermott, Ark.

The funeral will be held at 9 o'clock Friday morning at the Second Christian church, in charge of St. John's lodge No. 8, A. F. & A. M. The remains are at the Gillham Funeral Home and following the funeral services will be taken to Mechanicsburg, Sangamon county, where interment will be made.

### MEMBERSHIP DRIVE IS NOW UNDER WAY

Committees of Chamber of Commerce Have Good Success Wednesday—Find Sentiment in Favor of Organization.

The campaign for new members in the Jacksonville Chamber of Commerce got under way yesterday morning with all the captains reporting for work at the Chamber headquarters at nine o'clock. The teams worked from 10 o'clock until 12 and during the two hours fifteen new members were secured. This is considered an unusually good report for the first morning. The teams went on with the work in the afternoon and the campaign will continue during today.

The teams, while interviewing prospective members, found a good sentiment in the city toward the Chamber of Commerce. The success of the organization during the past year seems to be generally recognized and achievements of the Chamber appreciated throughout the community. It is that at the campaign headquarters that the final outcome of the two day drive will net the Chamber a large number of new members.

All the captains and workers will meet at the Chamber of Commerce headquarters this morning at 9:30 o'clock. On account of the Kiwanis meeting at noon there will be no team luncheons but reports of the morning's work will be made at headquarters before 12 o'clock at noon.

Westminster church ice cream and strawberry social 7 o'clock tonight, lawn of Mrs. J. W. Walton's home, 839 West State street.

### OILING WORK AWAITS BETTER ROAD CONDITIONS

The work of oiling stretches of state aid roads in Morgan county will begin just as soon as weather conditions permit, according to a statement made yesterday by L. V. Baldwin, county superintendent of highways. One car load of oil has been ordered in and it is likely that the first oiling work will be done on the road south to Woodson.

The reason for beginning the work here is because the road is in the right condition to receive the oil. On some other roads where oiling is to be done grading has not been completed and on still others the dust is now so heavy that to spread oil at this time would not bring satisfactory results. A heavy rain must fall before some of the dusty roads are in condition to receive the oil.

### PROMINENT SPRINGFIELD BUSINESS MAN DIES

A great many Jacksonville people knew Rudolph H. Armbruster who died in Springfield Tuesday following a long illness. The funeral service is to be held this afternoon at St. John's German Lutheran church. Mr. Armbruster came to the U. S. as a child from Germany and the greater part of his life was spent in Springfield. He established a company manufacturing tents and awnings and came to be one of the well known business men of Springfield.

### TAYLOR ESTATE IN COURT PROCEEDING

The Quincy Herald makes mention of the fact that Mrs. Jennie Taylor as administratrix of the estate of Frederick P. Taylor, publisher and member of the board of supervisors of Adams county, filed a bond in the sum of \$30,000. The deceased was the father of A. L. Taylor of this city.

### ROUND HOUSE FOREMAN AT ROODHOUSE RESIGNS

J. J. McGraw has resigned his position as general round house foreman for the Chicago & Alton at Roodhouse and is to take a position on the Wheeling & Lake Erie, his father, M. J. McGraw, being a master mechanic for that road. Mr. McGraw was formerly at Joliet but has been at Roodhouse for the greater part of the past year and has made an excellent record there.

## MYERS BROTHERS

### SIX YEARS OLD BOY IS KILLED

Lindel England is Run Over by Hay Baler — Dies Several Hours Afterward.

Lindel England, six years old son of Charles T. England, of 334 East Washington street, passed away Tuesday night at Passavant hospital. The lad was run over by a hay press in front of his home Tuesday evening about six thirty o'clock. The boy was playing in the street and when the hay baler reached the place where the boy was standing the team swerved swinging the hay baler around so that the rear wheel passed over the child's body. The baler was driven by Charles Starks, colored and four horses were hitched to the vehicle.

The injured boy was taken to Passavant hospital where everything possible was done to save his life. He passed away however at eleven thirty o'clock. The boy is survived by his father and two brothers Leo and Lee Edward England, and one sister, Eva Mae. The boy's mother passed away about three years ago.

### MAILING FINANCIAL REPORT OF C. OF C.

Tells of Accomplishments of the Organization the Past Year—Asks for Suggestions.

The annual financial report of the Chamber of Commerce together with a list of the accomplishments of the organization during the past year, is being mailed to all the members today. Enclosed with these reports is a questionnaire asking each member of the organization to submit to the committee a list of the most important things which the Chamber of Commerce, in his estimation, should undertake for the coming year. From these suggestions a program of work for the next twelve months will be formulated.

The board of directors much desires that each member make his suggestion at once so that work on the new program for the year may be commenced. The following questionnaire has been sent to all members of the Chamber of Commerce:

Dear Fellow Member:

We are just now closing the first year of the re-organized Chamber of Commerce. In spite of the fact that conditions generally have not been the best the Chamber has made a record of which we need not be ashamed. Many of the projects on the program of Work have been completed, and others are now under way. The Board desires to know what is in the mind of the membership as to the activities the Chamber should undertake this coming year. You are interested to know in a number of things which would be for the best interest of the community if accomplished. Let's have them.

Make as many suggestions as you wish in answer to the question below and return to the Chamber of Commerce Office. All suggestions will be given attention.

**BOARD OF DIRECTORS**  
What in your opinion are the things of most importance which the Chamber of Commerce should undertake the coming year?
